Short-Term Rehab, Alzheimer's Care, Long-Term Care

To Our Residents, Staff, and Family Members;

We are pleased to inform you that Quabbin Valley Healthcare (QVHC) is being acquired by a new owner, Blupoint Healthcare, LLC.

We, the principals of QVHC, are all residents of Massachusetts, and have operated QVHC for over 30 years. We have always been dedicated to the Athol community, serving the needs of its patients, families, and staff. During that time QVHC has achieved a reputation as the area's premier skilled nursing and rehab facility. It enjoys a history of high CMS (Medicare) ratings for quality of care, making it one of the best care options in the region.

Blupoint is a local group whose principals are also residents of Massachusetts. They have many years of experience providing healthcare services. All of the principals have had multiple roles in the healthcare field, which includes owning and operating healthcare facilities similar to QVHC. One of the principals has been associated with us for over twenty years, helping us own and operate other facilities. Although the facility was never put on the market, it was this relationship that prompted discussions about the future of QVHC. It is clear to us that the Blupoint group has the same interest as we do in providing Athol and the surrounding communities with the best care possible.

The transfer of ownership is scheduled to occur within the next several months. Both we and Blupoint are committed to making this a smooth transition, in particular maintaining the wellbeing of our residents and staff with no disruptions.

While we understand that change is never easy, it can also be a positive experience. We are confident that the Blupoint team will build on the solid foundation we've built with you and will continue operating QVHC with the focus on quality care. We have selected them as our successors because they recognize and value the dedication and contributions of our staff in achieving the outstanding quality of care for which we're recognized. They have the experience, the vision, and the financial resources to maintain and grow the QVHC legacy.

During the transition period and beyond, QVHC will continue to run as usual, without interruption in service or admissions. If you have any questions or concerns, please contact Mike Bell, QVHC administrator, at (978) 249-3717.

Sincerely,  
Owners, Quabbin Valley Healthcare
